Surg- Pak

4 Electrodes & 1 Handpiece

- Convenient all-in-one kit
- Quick change electrodes
- Secure spin free electrodes
- Multiple procedure functionality
- 3 modality activation control
- Comfort rubber grip
- Ergonomic design

Surg-e Pak is designed to be used exclusively with the elliquence family of generators

Product Specifications and Technology Overview

SP-01

Our Technology... See The Difference.

elliquance™ technology incorporates the patented Surgi-Max® Radiowave energy source which utilizes high frequency, low temperature radiowaves to perform traditional scalpel, scissor, electrosurgical and laser assisted procedures. The cell-specific tissue effect affords unparalleled surgical precision while sparing healthy tissue. The low temperature emission results in non-adherent bipolar performance which minimizes tissue trauma and eliminates frequent cleaning and instrument irrigation.

	ST-L5 6mm Loop 4cm working length
	ST-B2 2mm Ball 4cm working length
	ST-S Spatula 4cm working length
	ST-W Fine Wire 4cm working length
